

EDGE COACHING SPRINT

Program Expectations and Requirements

Application: [Navs.me/edgecoaching](https://navs.me/edgecoaching)

Vision: See the Lord provide fully funded laborers who help mobilize the people of God toward Kingdom investment and impact.

Since the course is self-paced, there are 3 points that a meeting with their trainer is required before continuing

Goals:

- 100% funding, within staff paygrade, for everyone in the program (NavReps, SIT and EDGers).
- Enhance your staff training by learning to be an excellent support raising coach and receiving hands on supervisor training.
- Strengthen staff foundation and conviction of biblical support raising.
- Sharpen personal MPD skills.
- Get practice investing in younger staff by having an avenue of influence over EDGers.
- Tangibly experience support raising camaraderie with fellow staff. Community instead of isolation.
- Become a more effective disciplemaker while counseling younger staff in possibly one of the most trying times of their lives.

Process:

1. After receiving approval from their supervisor, staff may apply to be part of the EDGE Coaching Sprint
2. Application is available at navs.me/EDGECoaching
3. A member of the MPD Team will interview applicants and let them know if they are accepted into the program.
4. The program begins with staff attending training in Colorado Springs in May and continues through the entire summer.
